

COMPANY PROFILE

ABOUT US

SHAKTIMAN's journey began in **1997** with Shri Ladhubhai S. Gohil's **vision** to support farmers in Rajkot, Gujarat, India. The company initially produced spare parts for agricultural machinery and gradually expanded to **manufacture a full range of agricultural equipment** under the **SHAKTIMAN** brand.

Over the years, we built a strong local network and entered the global market. Now, after **28 years**, SHAKTIMAN is a **leading global manufacturer and distributor of innovative agricultural machinery**, providing high-quality tools for every stage of the crop cycle, with a **strong focus on integrity, professionalism, and sustainable growth.**

Our journey towards excellence

1997

Incorporation of A.G. Agro Industries with Manufacturing of spare parts at Village Vavdi, Rajkot

2003

First exported consignment to Bangladesh

2004

First large scale expansion of a manufacturing facility

2008

Formation of full scale Research & Development Department

2009

Received ISO 9001-2008 certification
Installation of welding robots

2010

Inauguration of Manufacturing Facility over 27 acres with in-house Heat Treatment and Blade shop

2011

Development of first self propelled machine-Tree Maintenance Platform

2012

Become world's largest selling brand of Rotary Tiller by selling 70000 units in a year

2013

Incorporate of Tirth Hygiene Technology Private limited
Launched Mulcher and Hay rake

2014

Successfully launched India's first Indigenous Sugarcane Harvester

2015

Successfully launched Self Propelled Boom Sprayer, Protektor, Square baler & Inauguration of «Krishi Udaan» Training Cum Exhibition Centre (Pune)

2016

Market leadership in Sugarcane Harvester
Launch of PTO Hay Rake, Tractor Mounted Boom Sprayer, Cultisol and Shredder TSFH

2017

Award for TPM excellence by JIMP
Incorporation of L.S. Gohil memorial foundation
Recognized as best SME in agriculture & allied industries by India Today Group

2018

India's larger Exporter of agriculture machinery Global Agriculture Leadership award by ICFA.
Launched Big Round Baler, Paddy Transplanter and RMB Plough

Successfully launched Paddy Harvester in India

2019

Incorporation of SHAKTIMAN-GRIMME Root Crop Solution Private Limited

Signed joint venture with GRIMME of Germany.

2020

Successfully launched India's first indigenous cotton picker
Award for Excellence in consistent TPM commitment

2021

Expansion of blade Manufacturing Facility (Unit II)
Inaugurated dedicated Research and Development Facility (Unit III)

2022

Incorporation of Tirth Cattle Care Solution Private Limited

2023

Silver medal award at Agritechnica, Germany for smart fold technology for shaktiman-Grimme Windrower

2024-25

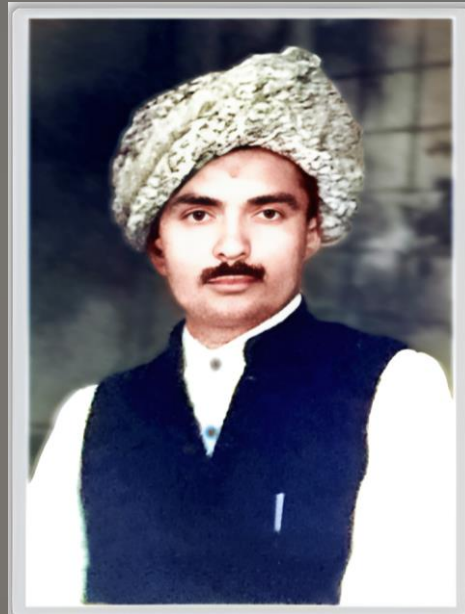

Shaktiman unveiling its latest product range at Eima'2024

MANAGEMENT

CHAIRMAN
Mr. Ashwin Gohil

FOUNDER
Late Shri Ladhubhai S. Gohil

MANAGING DIRECTOR
Mr. Hasmukh Gohil

Manufacturing strengths and technological advancements

SHAKTIMAN has grown its manufacturing capacity significantly through the adoption of **world-class technology**. This has **strengthened the product portfolio** both in India and globally. By prioritizing **exemplary infrastructure**, **unmatched product** and **service performance** are ensured.

**World class
manufacturing
capabilities**

**International quality
standards
(with awards and
recognition)**

**Technological
excellence**

GROUP OF COMPANIES

Tirth Agro Technology Private Limited

Shaktiman is leading manufacturer of farm machinery for efficient and productive farming

Tirth Hygiene Technology Private Limited

Cleanland specializes in manufacturing advanced road sweepers for efficient cleaning

SHAKTIMAN_GRIMME Root Crop Solution Private Limited

Shaktiman-GRIMME specializes in advanced root crop machinery, combining German engineering with Indian manufacturing

Tirth Cattle Care Private Limited

Tirth Cattle Care Private Limited provides innovative solutions for livestock health and management

L. S. Gohil Memorial Foundation

L. S. Gohil Memorial Foundation is dedicated to business services and community development initiatives

Plant capacity enhancement keeping vision 2027

4 operational state-of-the-art units spread over 58 acres, a dedicated and experienced team in agricultural technologies, and manufacturing processes like TQM & TPM have ensured SHAKTIMAN delivers the **best quality** and **service** to its customers.

Total Area: 33.72 Acre

Unit 1

Total Area: 16.12 Acre

Unit 2

WHAT WE DO

Agricultural equipment

From seed bed preparation to crop residue management including **rotary tillers, mulchers, balers, mobile shredders, self-propelled boom sprayers, and sugarcane harvesters.**

COMPLETE FARMING SOLUTIONS

SEEDBED PREPARATION

SOWING AND PLANTING

CROP MANAGEMENT

HARVESTING

CROP RESIDUE MANAGEMENT

SEEDBED PREPARATION

- **Effective seedbed preparation** is key to a healthy crop cycle.
- **Shaktiman's advanced machinery** optimizes soil by breaking clods, leveling, and enhancing aeration.
 - Creates an **ideal environment** for seed germination.
- Promotes **better root penetration** and **nutrient availability**.

SOWING AND PLANTING

- **Precision in sowing and planting** is key to crop success.
- Shaktiman's equipment ensures **accurate seed placement and uniform depth**.
 - **Minimizes seed wastage** and ensures proper spacing.
 - **Facilitates robust plant growth** from the start.

CROP MANAGEMENT

- **Efficient crop management** maximizes yield and quality.
- Shaktiman's solutions **simplify tasks** like weeding, fertilizing and irrigation.
- Supports **crop nurturing, soil health, and sustainability**.

HARVESTING

- **Harvesting** is the result of hard work and dedication.
- Shaktiman's machinery enables **timely, efficient collection with minimal losses**.
- Designed for **diverse crops**, ensuring precision, speed and high-quality output.

CROP RESIDUE MANAGEMENT

- **Responsible residue management** is key to sustainable farming.
- Shaktiman's equipment **processes and recycles** crop residues into organic matter.
- Enhances **soil fertility**, **reduces environmental impact**, and **prepares fields** for the next crop cycle.

Sustainability

Shaktiman is committed to **Environmental, Social, and Governance (ESG)** principles, aligning with **strong ethical CSR values to drive sustainability**.

Key focus areas include:

- **Sustainable processes** that drive long-term environmental responsibility.
- **Ethical business practices** ensuring social and economic well-being.
- **Global sustainability goals**, achieved through innovation and responsible resource management.

Sustainable development

Some of our environmental achievements in 2023

58% water reduction

37% carbon footprint reduction

Target **80% in 2030**

Shaktiman provides a **Best center of excellence** facility for dealer technician and customer training

- Best tools, visual presentation screen facilities with all machine available
- Operator training in the field is initiated for sugarcane and protektor machine
- Initiated virtual training model for field team

Number of people got trained : 3609

GLOBAL SHAKTI MEET 2024

- **150 international partners** and dealers from **60+ different countries**
 - **Five impactful days**
- Participants immersed themselves in the **world of Shaktiman**, experiencing the brand's heritage, innovation, and commitment to excellence.

TPM EXCELLENCE AWARD

Shaktiman has been honored with the **TPM Excellence Award**, recognizing our unwavering commitment to **Total Productive Maintenance (TPM)** principles

SHAKTIMAN INTERNATIONAL SUCCESS STORIES

Erhan, Turkish Farmer

«SRB-60+ is highly efficient and reliable, allowing us to work smoothly without any issues.»

George B. Dragatsis (GBD Agro)
Shaktiman's Greece Distributor

«I have been working with the company for almost 25 years, starting from its very early days. We began with just one or two models of tillers, and now our product range includes many different types of machines and various models. We strive for continuous progress while staying focused on customer satisfaction. Of course, there have been challenges along the way, but I have always found people willing to help find solutions.»

Thank You
